## COUNCIL WILL PREPARE FOR MARKET HERE

### Will Submit By-law to raise Necessary Amount---Will Advertise for Cemetery Site --- Kennel Licenses Asked for.

The regular meeting of the town council was held in the council chamber last Monday evening. Mayor Bott occupied the chair and the following councilors were present: Messrs. Ireland, McLachlan, Devitt, Hodge and Black. Councilor Robertson was absent on account of illness.

The minutes of the previous meeting were read and adopted.

The report of the market and cemetary committee which was submitted at the last meeting but laid over till this meeting, was then presented and considered. The report recommended that a by-law, authorizing the borrowing of $2,000.00 for market buildings and water, be prepared and submitted to the burgesses. It also recommended that a portion of the land on the west side of the west spur track be set aside for a mill and elevator site, and that the clerk be instructed to advertise in the Review and Medicine Hat papers for a cemetery site. The report, with these three recommendations, was adopted in full by the council.

The relief committee reported that they had gone into the doctor's bill for the Huntley family which was referred to them at the last meeting of council, and the committee recommended that it be not paid. The report was adopted and the council unanimously decided to act on the suggestion of the committee.

The question of real estate licenses was brought up and on motion duly made it was decided to defer action for the present and that the matter be taken up by the license committee.

Chief Reynolds informed the council that as a number of people in town were going in for the raising of pure bred dogs they had waited on him to see if it would be possible to take out a kennel license. As the present by-law does not mention kennel licenses the matter was referred to the license committee with full power to act and with instructions to notify the chief as to their finding.

A motion was passed authorizing the clerk to write off the taxes on the north half of section 18-13-6, as this is C. P. R. land and exempt from taxes.

Several complaints were registered by water users against their water rates. These were referred to the water committee.

After the regular meeting the council met as a committee of the whole and the press was excluded. We are informed, however, that at this after meeting the question of reducing the town staff and also reducing the salaries of those remaining, was discussed. The outcome was we are told, that Mr. Cox is to be dismissed and that the salaries of all other town officials is to be reduced by 20 per cent.

## Red Rose Club Has Sleighing Party

A sleigh party under the auspices of the Red Rose club was held on Saturday evening, when eighteen persons sleighed to Medicine Hat to take in the picture show at the Monarch theatre. After the show the party then returned to Redcliff where they were entertained by Mrs. Fennessy during which a dainty supper was served. Mrs. Fennessy was assisted by Miss Fennessy and Miss Watson. The party was made up of the following: Mrs. Fennessy, Mrs. A. Womersley, Mrs. Kitchen, Miss A. L. Tinmouth, Miss S. Fennessy, Miss J. Gray, Miss B. Watson, Miss A. M. Tinmouth, Miss L. Clary, Master Womersley, Messrs. C. Edwards, E. Clary, A. Womersley, F. Luxton, G. Burdekin, S. D. Miller, D. Smith, H. Womersley.

Sell your old accounts! We will buy them. Send them today) Crown Mercantile Agencies, Calgary.

### WEEKLY DANCES POPULAR

The regular weekly dance given in the Empress theatre last evening by the Redcliff orchestra was well attended. About twenty five couples were present and a very pleasant time was spent. These dances are now becoming quite popular and are anxiously looked forward to each week by the young folk. The floor is in excellent condition, and the music furnished by the orchestra is as good as could be supplied by any of the city orchestras. Redcliff is exceedingly fortunate in having such a fine orchestra.

## Ice Carnival For Relief Fund

Encouraged by the success of their two concerts, Messrs. Hitchen and Worts have now completed arrangements for holding an ice carnival in the rink at the south end of town, just opposite Maple hall. The proceeds from the carnival are to go to the general relief fund of the town, and those responsible for the upkeep of the rink have kindly given the use of it free of charge. The date for this carnival is Tuesday next, Feb. 16.

A splendid list of prizes has been secured and will be given for the best ladies', gents' boys' and girls' character and comic costumes. There will also be races for these four classes, for which prizes will also be given.

The band will be in attendance to furnish music and arrangements will be made to make both skaters and spectators as comfortable as possible.

Only those in costume will be allowed on the ice till after the judging is completed. A 25c admission will be charged for all in costume. A collection will be taken up among the spectators and those who intend skating after the judging.

Watch for bills for fuller particulars and remember the date---next Tuesday.

## General News Notes
### From Various Points

The king has recently inspected the Canadian division with Lord Kitchener and was much pleased with their splendid appearance. While they have experienced many hardships through bad weather and heavy rain the have borne all cheerfully and have shown a fine spirit."

* * *

The United States will not submit silently to Germany's war methods, but will also will investigate to get accurate texts of the two notes published from Berlin. Then she will act to save American commerce from demoralization. These facts were made clear this morning by official intimation.

* * *

Twenty-one men employed in the mine of the Pacific Coast Coal Mines limited, at South Wellington, seven miles from Nanaimo, were drowned by a rush of water, which burst out of the old flooded workings of the Alexandra mine, which has not been operating for years, was broken into by the men in the South Wellington, which adjoinas it on a lower level.

* * *

The annual report of the Northwest Mounted Police tabled in the commons by Sir Robert Borden, gives the total strength of the force on September 30 last, at 55 officers and 1,213 men, compared with last year, which is an increase of 505 officers and constables. This increase was considered necessary in view of the fact that there are 475,000 Germans and Austrians in Saskatchewan and Alberta alone.

* * *

W. F. Cockshutt, of Brantford, will move the following motion at the present sitting of the house of commons: "That in the opinion of this house the circumstances arising out of the present war are such as to justify the government of Canada in exercising supreme control over the quantity and destiny of our food exports, thereby regulating the prices at which bread, meat and other food products shall be sold for home consumption, while at the same time directing that our surplus export should only reach British or friendly countries."

### FOR SALE---CHEAP, BIG FUR

coat, feather bed, blankets, and other useful articles, all in good condition. Enquire of Mr. Petchell, first house off Nicholson's harness shop.

### BIRTH

ELDON---At Lockwood, on Saturday, February 6th, 1915, to Mr. and Mrs. Eldon, a daughter.

## Crowded House For Relief Concert

The concert given in the Empress theatre last Monday evening under the auspices of the general relief fund of the town, attracted one of the largest audiences we have seen in Redcliff for some time. The theatre was crowded to the doors and even to the street, and when E. L. Stone, who acted as chairman, called the gathering to order there was not an available seat left in the hall.

The program was made up entirely of local talent and was thoroughly enjoyed by all present. Appropriate solos were sung by Miss MacKay, Miss Black, Mrs. Stone and Messrs. White, Hitchen, Roth, Womsley. These were interspersed with recitations, dialogues, selections by the orchestra and an excellent piano duet by Mrs. Johnson and Miss Woodcock. The dialogue was entitled "Henpecked Husband" and was given by Mrs. Worts, Mrs. Wheeler, Mr. Worts, Mr. Abbott and three children. It was an amusing little play with a good moral and was so well put on that it amused young and old alike.

The vocalists were all in excellent voice and the large audience showed plainly that they were indeed proud the town can boast of such excellent talent. The several fine selections rendered by the orchestra also added greatly to the success of the evening.

At the conclusion of the program a motion was made by Mr. Chadwick, seconded by Mr. Nicholson and spoken to by ex-Councilor Lavelle. All three highly complimented and thanked those who took part in the program and praised the young men who were instrumental in getting up the concert for such a worthy purpose.

The entertainment was arranged by Messrs. Hitchen and Worts, who wish to do on their behalf to thank the citizens for their liberal patronage, and also thank those who so ably assisted in making the evening such a success.

The proceeds amounted to $256.30 and the expenses were $4.50, so that the boys will be able to hand over to the general relief fund the sum of $251.80."

## Tie Hockey Game Played Last Friday

The hockey match played here last Friday afternoon between the Brooks and Redcliff seniors attracted a large crowd of spectators who were treated to a close and exciting game from start to finish. After ten minutes of hard playing and close checking the visitors finally located the net. It was only a few minutes after play was resumed that Redcliff also did the trick. No more scoring was done till near the finish when both added another goal to the score. When time was called the score stood a tie, two goals each. Much to the disappointment of the crowd the tie was not played off. This was no doubt due to the fact that the visitors had to leave as soon as possible for Medicine Hat where they had to play another game that evening.

As the score would indicate, these two teams were very evenly matched and they put up a very good article. Considering the practice our boys have had they play a good stiff game with occasional signs of speed and combination. Hockey enthusiasts here hope the boys can arrange a few more games yet this season.

### DONATIONS TO RELIEF FUND

The general relief committee of the town wish through the Review to acknowledge the receipt of $25 from After Society of the Catholic church, and $21.80 from Messrs. Hitchen and Worts. The latter was the proceeds from the relief concert given last Monday evening.

### BURNS' DANCE TONIGHT

Everything is now in readiness for the Burns' Club annual dance to be held in Reid's hall tonight. There are only a few tickets left. These may be secured from any member of the committee, or from the secretary at the door. The indications are that tonight's will be a record Burns' dance.

The board of trade of Medicine Hat wants the C.P.R. to name their next steamer after that city. This would hardly do, as the passengers might get the name mixed with castor oil.

## Temperance Convention Held Last Tuesday

A temperance convention for the provincial constituency of Redcliff was held in the Presbyterian church here last Tuesday afternoon. Only a few delegates were present from outside points but the business of organizing the constituency was proceded with. Dr. Shearer, of Toronto, was present to assist and superintend this work. In addressing the meeting he explained the object of the convention and the plan of campaign. The province was fortunate in having the opportunity of taking this referendum as the question would be taken out of party politics and both sides would enter the fight with a fair field and no favors. The vote to be taken in Alberta was of interest to and would have its effect on the whole of Canada and for this reason it was going to be a battle royal. All the provinces and all the denominations were giving freely of their men to help in the fight but he feared the greatest danger might be overconfidence and that the workers would take too much for granted. If those interested in this matter were not willing to work hard to the finish they might better not strat as nothing but a sweeping victory would be satisfactory. To carry the day by only a small majority might mean all kinds of trouble afterwards but an overwhelming majority meant settling the liquor question in Alberta for all time to come.

Dr. Shearer then explained the proposed new liquor law as prepared by Sir Jas. Aikins. It did not provide for absolute prohibition as the constitution did not give any province the power to go that far. It prohibited the retail sale of liquor for consumption on the premises or a beverage, and only permitted the sale of intoxicating liquors within the province in limited quantities for scientific, sacramental, industrial or mechanical purposes. It does not prohibit the manufacturing of it in the province nor the importation of it from outside the province. But the manufacturer must not sell his product within the province nor can the one who buys sell or give it away to any one else. The act as prepared goes as far as the province can go constitutionally.

It was decided to organize the constituency and the following officers were elected:

President---Rev. G. L. Gordon, Redcliff.

Vice Presidents---R. Wray, Redcliff; W. J. Scollard, Carlstadt, J. M. Waggett, Empress.

Committee---J. A. Frechleton, Redcliff, W. Wannamaker, Bowell, Mr. Willett, Suffield. The balance of the executive was left to the officers to select.

The next meeting of the executive will be held in Redcliff on Tuesday evening, March 9th.

## SAYS THERE IS OIL IN THIS DISTRICT

In "Mine, Quarry and Derrick," a new magazine just started in Calgary, we noticed an article on the oil situation in Alberta, written by T. S. Kempher. The author is a geologist of considerable note, and has been all over the province investigating. His summing up of the situation is practically the same as that given by Robt. Hamilton some months ago when addressing a meeting in the M.C.L. club rooms. Mr. Kempher thinks the land lying between here and Bow Island is the most likely place in the province for oil. The same formation exists in this district as in the oil regions of Wyoming, Colorado, Louisiana and north-eastern Mexico. He believes After Society of the Catholic church, and $21.80 from Messrs. Hitchen and Worts. The latter was the proceeds from the relief concert given last Monday evening.

### BURNS' DANCE TONIGHT

Everything is now in readiness for the Burns' Club annual dance to be held in Reid's hall tonight. There are only a few tickets left. These may be secured from any member of the committee, or from the secretary at the door. The indications are that tonight's will be a record Burns' dance.

### AFTERNOON TEA BY PRESBYTERIAN L. A.

The Presbyterian Ladies' Aid will give a tea in the church on Friday from 3 p.m., proceeds to help pay for wool used in knitting socks for soldiers. There will be about forty pairs knitted by the ladies. The Aid does not meet next Thursday. Gentlemen as well as ladies will be served at the tea.

### ODDFELLOWS GIVE DANCE

Last Wednesday evening the Oddfellows lodge held a social evening in their lodge room after the regular business meeting. About fifty young people from Medicine Hat, together with the lady friends of local members were present. The visitors brought an orchestra and a dainty lunch with them, and immediately on their arrival the tempting strains of the music soon got the floor well filled with enthusiastic dancers. After a pleasant sociable evening the Hatters drove home.

## Pleasant Evening In S. O. E. Hall

After the regular meeting of the Sons of England lodge last Tuesday evening the members held a social evening to entertain their lady friends. An invitation was also extended to the members of the sister lodge in Medicine Hat to be present and about twenty ladies and gentlemen from that city were in attendance.

About 10 o'clock the lodge room in Crowe's hall was cleared and made ready for dancing and about 30 couple prepared to take advantage of the excellent music and floor. This was continued till midnight when lunch was served after which dancing was again resumed.

During the evening a number of musical selections, recitations and songs were given by those present and on the whole a most enjoyable evening was spent.

## First Shot Fired In Liquor Campaign

On Tuesday night last in Reid's Dr. Shearer gave an address on the topic of prohibition. He started out by acknowledging his surprise at finding a town of such a substantial appearance and size. He told his audience that he even got lost in it for awhile in the afternoon.

He claimed that prohibition was growing faster than this town even and that it was more outreaching than its subdivisions; that it was not only provincial but it was a world-wide movement that is sweeping the whole earth and that it was a direct answer to the gospel demand that we love our neighbor as ourselves, or in other words it is a social application of the gospel. It is a mission of mercy.

In a very effective and convincing manner he answered the old cry of the liquor interests that prohibition would interfere with personal liberties by pointing out the fact that advancing civilation demands what shall be done all along the line of living, and the standard of dress, and he pointed out that if we wanted to be where we should not have our personal liberties interfered with we should have to seek out some uninhabited island where we should be enabled to run about naked without interference. He pointed out that it was against personal liberty to prohibit the sale of opium and many other things, but said that after five or six years of prohibition in Ontario and in 250 municipalities that when given a chance to put it to a vote again that the brewers could only get 5 to vote the booze back, which proves that the people don't object to having their liberties interfered with.

This, he thought, was a splendid time for the cause as poverty had enforced a lot of abstinance and given the drinkers an opportunity to think clearly, and those thoughts would be registered next July against the bar.

He concluded his remarks by urging upon his hearers not to be satisfied with a bare majority but that they give an overwhelming majority and finally closed with the words men and women follow Kitchener be thorough.

### ANOTHER STATE GOES DRY.

Governor Hayes, of Arkansas, signed the statewide prohibition bill last week. The measure prohibits the granting of further saloon license for 1915, but does not disturb those already granted.

Arkansas is the 16th place with a state-wide prohibition law, according to statistics of the National Prohibition headquarters. Arkansas does not get complete prohibition until January 1, 1916.

## MONEY BY-LAW WAS DEFEATED LAST MONDAY

### Was 3 Votes Short of required Number---Places Town in bad Position---Should Submit By-law Again.

The bylaw for the raising of $6,500 by the sale of debentures, which was submitted to the ratepayers last Monday, was defeated by a very narrow margin. The vote stood 38 for and 23 against. As the law requires that such bylaws should be carried by at least two-thirds of the votes polled, it will be seen that this one was just three votes short of the required number.

As published in the Review for three consecutive weeks, this bylaw was submitted to authorize the raising of the above amount to provide for the deficiency on the sale of debentures issued under bylaw 5, which was submitted and carried by the ratepayers some time ago. Bylaw number 5 empowered the town to borrow $50,000 for the purchase of the waterworks system from the Redcliff Realty Co. The bylaw carried, but in order to sell these debentures it was necessary to dispose of them at less than their face value. At the time the price was considered a good one, and was much higher than they could be sold for today. In preparing the bylaw the then town solicitor omitted to add to it the difference between the face value of the debentures and the amount for which they sold. The bylaw submitted to the people last Monday was simply to cover up that omission and deficiency.

The defeating of this bylaw should not embarrass the Realty Company, as so many seem to have thought it would. On the contrary it is playing right into their mit if they wish to take advantage of the situation.

## St. Ambrose Choir Makes Presentation

On Wednesday evening in the St. Ambrose parish hall, the choir of the church held a private supper and social to celebrate the marriage of Mr. and Mrs. Congram, both of whom are members of the choir. The supper table was beautifully decorated with flowers and gold and white ribbons, centered with a large wedding cake, presented by Mrs. W. Rolf. After supper the vicar of the parish was called upon to make a presentation to the newly married couple, which consisted of a massive silver cake dish and four bronzed embossed forks. This present had been subscribed for by the members of the choir to show their esteem for the young couple. Rev. H. B. Gibson made a few appropriate remarks suitable for the occasion, and Mr. Congram on behalf of his wife responded.

The remainder of the evening was spent in dancing and games, and brought to a close about 12.30.

## Special War Tax Says Budget Speech

The minister of finance in presenting his budget in the house of commons announced that for the ten months of the current fiscal year the revenue had fallen from one hundred and thirty-nine millions to one hundred and nine million and five hundred thousand, a decline of nearly thirty millions. From customs alone he t'ens of revenue had been nearly twenty-eight millions. The government was therefore faced with the problem of raising by additional taxation and borrowing one hundred and eight millions. Mr. White said that he whole amount required for war purposes would be borrowed.

To supply the additional funds made necessary by the war, taxes of various kinds will be necessary. A money them will be Income taxes on bank note circulation, trust and loan companies, insurance premiums, cables and telegrams, railway and steamship tickets and sleeping berths. Stamp taxes on cheques, deposits, bill of exchange, money orders, letters, patent medicines. Wines are to be taxed higher, 7½ per cent addition on all tariff taxation with certain exceptions, the free list will be abolished.

## THE DEFEAT OF THE BY-LAW.

The defeat of the bylaw for the borrowing of $5,500.00, submitted to the burgesses last Monday was no doubt a great surprise to the council and all those who understood its meaning.

The only reason we can think of for the defeat of this bylaw is that the ratepayers did not thoroughly understand it.

Owing to a mistake made in the first bylaw submitted to the burgesses for the purchasing of the water works system from the Redcliff Realty Company, it was necessary to submit this bylaw in order to cover up the discrepancy. The council thought it wise to raise this required amount by a sale of debentures in order that its payment might be spread over a period of years instead of raising it all in one year by way of an additional tax on the ratepayers. Consequently the defeat of the bylaw last Monday places the council in a very awkward position. It simply means that they are not now in a position to meet their obligation to the realty company and, as a result, the realty company may if they see fit, call the whole deal off and take the water system back again. This would indeed be a very unfortunate state for the town to get into at this stage of the game.

The council may, we understand, levy and collect this amount by way of taxes all in one year, but as this would work a hardship on the majority of the ratepayers, under present conditions, the council would be justified in submitting the bylaw to the ratepayers again before doing anything definite. We feel sure that if the situation were thoroughly understood by the ratepayers another bylaw would be carried almost unanimously.

## WHAT REDCLIFF NEEDS

At the present time when a number of farmers from the surrounding country are coming to Redcliff to get their government orders and do their shopping a matter of great importance to the town has been brought to the attention of The Review.

When making these shopping trips to town very often the men find it necessary to bring their wives along with them, and sometimes their children also. Farmers come here for distances of from ten to fifty miles. At this time of year, and especially now that the roads are so heavy, these long drives chill one to the bone, and make it necessary that women and children especially should have some place to go when they arrive in town. Some comfortable place where they could make themselves at home, get thoroughly warmed and attend to their wants before starting out to do their shopping. Such waiting rooms are provided in other towns and cities, and are proving most popular.

This is a matter our council or our merchants or both should take up at once, as it is one of very great importance.

The Review knows our council, like all other councils, is none too flush of funds at the present time, but if the council and the merchants would work together on the scheme it could be accomplished without costing either very much. Just now there are a few vacant stores centrally located which could be rented very reasonably, or better still possibly arrangements could be made with the young men's club to use their rooms by paying a portion of the rent. The council could do this, then the merchants could undertake to put in the necessary conveniences. One could put in a small heater, another a kettle and tea pot, another tea and sugar, another some cakes and so on. This could be done at a cost that nobody would ever feel, and it would go a long way towards encouraging business to come this way.

Besides, these rooms would be the means of bringing women in the country together in a social way while their husbands are attending to business. There is no telling where the good effect would end. The ladies organization in connection with our churches might get interested in this waiting room, and meet there certain days in the week and thus get better acquainted with their co-workers in the country.

It is well worth giving a trial.

## SALARY REDUCTIONS.

As we intimated in the report of the council proceedings, the Review was informed that when the council met as a committee of the whole they practically decided on a twenty per cent. reduction in salaries of all town officials.

Under conditions as they exist at present the council is acting wisely in endeavoring to run the affairs of the town as economically as possible. All councils and school boards in the west are doing the same thing. The question of reduction in salaries is, however, one that requires a little care in deciding. It is one in which the employees themselves should exercise a little mutual consideration. For instance it often happens in civic employees that the man with the greatest responsibility and expense is not always the one who is drawing the biggest salary. If he be a man with a large family his salary under normal conditions may not be more than a bare living wage. In cases of this kind a twenty per cent. reduction would mean a hardship. The Review has no fault to find with a reduction all round, but we think it should be worked out on a graduating scale as other councils are doing. For instance have a twenty per cent reduction for those whose salary is over a certain amount at present, 15 per cent. for another amount, 10 for another, and so on. In this way a considerable sum could be saved and all would still be getting at least a hard time living wage.

## THE TOLL OF WAR.

Premier Asquith's statement in the British house of commons that the British casualties to date, including killed, wounded and missing, are 104,000, shows the toll of war to have been heavier on Britain than it had been thought. It is the heaviest loss in men she has yet sustained. Lord Kitchener is reported to have said that the war will really begin in May. It is estimated that there are nearly 800,000 British soldiers in France. The larger the number the more numerous the casualties, so it would seem that one must be prepared for heavy losses.

Some time ago the clerk of the city of Medicine Hat wrote the council here asking that they cooperate with the council of that city in arranging for a reciprocal license for auto drivers and draymen doing business between the two places. At that time the council here answered saying they were willing to enter into such an arrangement, but at the last meeting of the council in Medicine Hat a motion was passed compelling all draymen to purchase a Medicine Hat license before they would be allowed to carry on any business between the two places. This action on the part of the Medicine Hat council is in keeping with the feeling that city has always shown towards Redcliff. Medicine Hat men never lose an opportunity to talk about the great necessity of the two towns working together for the common good of both, nor do they ever lose an opportunity of throwing the harpoon into us every chance they get. However this is a case of "it's a long lane that has no tomato cans."

During quiet times when people have nothing much else to do but sit around and talk it is only natural that there should be all kinds of fault finding, criticizing and gossip. People are sometimes like hens. It isn't always the hen that cackles the most that lays the biggest egg. The hen that is the biggest nuisance around the poultry yard is the sulky, crabbed, clucking one. It does nothing but sputter about and make it as uncomfortable and inconvenient as possible for other hens that are willing and ready to make themselves useful. When the cluckers are culled out and segregated business goes merrily on in the henery with profit and pleasure to all concerned.

The more troops that are sent to the front the greater will be the demand for comforts and surgical appliances. The work of the Red Cross cannot stop for one moment, but rather must go on with greater impetus and energy as the war continues. The generosity of the people of Canada has been splendid, but the society needs every dollar that they can afford and every comfort that they can make or procure. Socks, socks, socks, is the everlasting cry of the gallant soldiers in training camps and trenches, and thousands of pairs of socks are needed all the time. Of course other comforts, such as shirts, knee caps and all the articles enumerated in the suggestions contained in the printed booklet compiled by the Red Cross Society, are needed all the time.

LODGE DIRECTORY.

**REDCLIFF LODGE No. 90**
**I. O. O. F.**

Meets every Wednesday in Reid's Hall at 7:30 o'clock. Visiting brothers always welcome.

## CANADIANS ARE NOW IN FRANCE

Despite Germany's threats to exterminate transports, the bulk of the first contingent has safely crossed the English Channel, landed at Havre, and are now encamped or billeted in or near Rouen, which is a city of 100,000 population on the Seine river, about 80 miles north from Paris, and not far from the port of Havre.

Other dispatches tell of a large concentration of British troops at or near Boulogne, and it would seem that Britain has been pouring perhaps hundreds of thousands of troops into France this week. Some time ago letters and cables received here indicated that Rouen would very probably be the base of the Canadian expeditionary force in France.

**Buy Goods "MADE-IN-CANADA" and you start your money on a road that leads back to YOU**

## INDUSTRIAL WORKERS CHIEF SUFFERERS

**Shortness of Money Curtails Factory Employment — How to Reduce the Force of This Menace**

While farming is the basis of Canada's wealth, the factories of Canada are the direct source of revenue for a large number of our population. From Sydney to Victoria, from Prince Albert to Toronto, Canada is dotted with factories, and around each factory is a little community of workers; the factory hands, the storekeepers who sell them their supplies, the doctors who tend them, when they are ill, the street cars that carry them to and from their work, the railways who depend upon them for a large part of their traffic, and the other mills which manufacture various kinds of goods—boots, shoes, clothing, underwear, etc.—to supply these workmen.

**Shortness of Money**

War may mean higher prices for Canadian farmer, in whose good fortune all must rejoice, for his prosperity is our prosperity. But what this nation may gain by the higher prices paid for Canadian wheat, it may more than lose by the closing of Canadian factories. The farmer need never worry about the possibility of unemployment; there is always a demand for what he produces. But the ghost of unemployment faces thousands upon thousands of Canadian workmen this winter unless the Canadian people as a whole combine to keep business alive in the Dominion. Already in ones, twos and threes, here, there and everywhere throughout the Dominion, factories are being closed down for lack of work, or are running on half time. The money supply of Canada has been reduced and people cannot buy as much as in the past. The same shortness of money prevents the factory owners carrying on their trade in the face of falling demand for their goods. Thus factory workers are laid off, the millions of dollars in wages and salaries which formerly went to make Canadian communities busy and prosperous are greatly reduced. There is not the same trade for the corner grocer or the butcher next door to him. People walk instead of riding by street car. They do without the clothing which otherwise they might have bought. And so the whole process reacts endlessly against the entire prosperity of the country.

**Effect of Individual Action**

By cultivating a spirit of intelligent optimism, by facing the situation frankly but cheerfully, a great deal of the difficulty can be overcome. For it is the lack of confidence, following trade depression, which really causes the worst sort of "hard times." Canadians can, to a large extent, reduce the danger of great depression by keeping their faith in their country and living as near to normal as possible. But, to do this, where they used to buy imported goods they must now buy "Made-in-Canada" goods. It is nothing more nor less than a measure of national self-preservation. It will help to keep Canadian factories working and Canadian workmen employed. It will give work to the storekeeper, to the street railways, to the makers of clothing—to all the other factors in any community.

**"MADE IN CANADA is Not Enough, TRADE IN CANADA in Your Own Town, THAT'S THE STUFF."**

## BIG PRICES FOR CANADIAN HOGS AND CATTLE.

A significant comparison that reveals the profits that are to be made in producing hogs is to be found in the fact that on February 2nd the quotation for hogs at the Calgary Live Stock yards was slightly higher than at Chicago, and the quotations for cattle about the same on the average. The prices were: Hogs, Calgary, $7.00 and $7.05; Chicago, $6.85 to $6.95. Cattle, Calgary, $6.40; Chicago, $5.65 to $9.25.

**HOIST U.S. FLAG**

The Press Association has issued the following under a Birmingham date: "Passengers from the Lusitania who arrived in London Sunday state that when off the coast of Ireland the Lusitania received a wireless message from the admiralty that it was to hoist the American flag. It did so and sailed under the flag to Liverpool."

## MAINTAINING OUR PRODUCTIVE POWER

**The Dominion's Prosperity Depends Upon Ourselves—War and Industry**

The war in Europe may result one way or another but in Canada, unless the Canadian people make a special effort to safeguard the interests of the nation, it is bound to have a most serious effect. The boundary lines of Europe may or may not be altered, the war may last for many months or even for years, it may ruin some of the belligerents and bring fortune to others; but for Canada it is likely to mean a serious economic set-back unless the Canadian people as a whole co-operate to fend off the evil effects of the war. Two things must be borne in mind by every Canadian man and woman, from the humblest to the most wealthy; first, to preserve the spirit of optimism and self-confidence, so as to continue the conduct of our affairs in a manner as nearly normal as possible; and secondly, to preserve the money resources of the Dominion by spending it for Canadian-made goods, and thus keep it from passing out of the country and into the pockets of foreigners. This need not be done in the spirit of helping Canadian manufacturers; keeping Canadian money in circulation in Canada is an act of national self-preservation. It is necessary for the good of the whole nation.

**KEEP YOUR MONEY IN CANADA BY PURCHASING YOUR GOODS AT HOME**

**SPEND YOUR MONEY AT HOME**

The money which you spend to-day on a tin of baked beans, "Made-in-Canada," will, indirectly stimulate your own particular line of business, whether farmer or factory worker. But the money with which you buy an imported can of beans goes out of the country completely. It pays the wages of foreign workmen who, in turn, spend their wages where you will never benefit by the circulation of the money.

**SPEND MONEY AT HOME AND IT STAYS AT HOME**

## EMPIRE MADE CHRISTMAS TREE

**Montreal Advertising Men Advocated British Empire Christmas**

The Montreal "Daily Mail" of two or three weeks ago gave the following account of a meeting of the Montreal Press and Advertising Club at which the British Empire Christmas proposal was launched. It met with general approval.

"Attention was called to the fact that at this season of the year the average expenditure per man would be greatly above normal, and that everything possible should be done to keep this money in Canada. The idea set forth was that every Christmas gift made this year, should be something made in Canada or within the Empire. Even the Christmas trees should be British Christmas trees. "If we are to hang German toys on our Christmas trees, all our patriotism is wasted," declared Mr. W. H. Thompson, speaking in support of his motion in favor of an imperial Christmas. He said that the matter was of vital importance to the trade interests of Canada.

**BUY CANADA MADE GOODS and Keep Your Money Circulating in Canada**

Captain Ernest Jannery, head of the Canadian flying corps, has arrived in Ottawa from England to see the militia department in connection with the further organization of this branch of the force. Captain Jannery spent considerable time in the war zone in France and Belgium, doing considerable reconnaissance work for the Allies.

## Alberta Doing its Share for Empire

The 50th infantry battalion will soon be at full strength, and then Alberta will be able to boast of a full brigade of cavalery, and a "C" section field ambulance, all recruited within her limits for active service, and all comfortably quartered on her territory. The strength of a brigade of cavalry is three regiments, of 544 of all ranks each. A brigade of infantry is four battalions of 1,026 of all ranks each. Including artillery and field ambulance units, Alberta will thus have 5,998 officers and men training at one time for active service within her boundaries.

### ASSISTANCE FROM ALL CORNERS OF THE EMPIRE

From far away Newfoundland comes the news that the people who are under the charge of Dr. Grenfell, the well known missionary, are assisting the Red Cross in its work of mercy during the present grave national crisis and that recently the poor men and women of the "French Shore" on the northern point of the island held a fair at which more than four hundred dollars were raised. The success of this fair was due to the efforts of Dr. Grenfell, who visited he fisherman in the locality where the "catch" had been good and asked them to do their share in providing comforts for the soldiers of the empire who are willing to give their lives for the freedom of Europe.

### U. S. AGRICULTURAL EXPERT LECTURING IN ALBERTA.

Daddy Smith, "78 years young," agricultural expert of the Oregon, Washington Railway & Navigation Company, Portland, has been speaking in Alberta under the auspices of the government agricultural school. Smith was first brought over by Western Canada Irrigation Association last summer and so excellent impression did he make on farmers who heard him that the government through the courtesy of O. W. R. & N. arranged to bring him over in connection with this year's short course Agricultural School, which began its journey last week, holding sessions at a number of points in the C. P. R. irrigation block. At the first place it was held an attendance of one hundred farmers was registered.

### HOMESTEADS IN DEMAND.

Despite the fact that the winter is still here government records show that during the past week no less than 245 homesteads were taken up in Western Canada. Of these, Manitoba got 60, Saskatchewan 83, Alberta 98, and British Columbia 4. Over 65 per cent of the new arrivals were English-speaking, 60 being Canadian, 50 British and 49 American. The remainder were from continental Europe.

During the same period, 108 Americans crossed the line, bringing with them ten thousand dollars in cash. Practically half of them were farmers.

## Terrible Slaughter of German Soldiers

The Germans have attempted to force a way through the Russian defence at Bolimow by sheer weight, using infantry precisely as cavalry was used in the olden days. The attempts failed, but the fighting continues without abating for intermission.

The last attack of the Germans represents something never before witnessed since the breech-loading rifle was invented. Even the cavalry of the old days illustrates inadequately what the Germans attempted at Bolimow, for the cavalry work was completed by the infantry. Perhaps the nearest comparison is to a legion of locusts, white ants, or rats on the move, the last being a terrifying thing to witness in its suggestion of elemental pulse.

Several divisions were massed solid in one place on a front less than 1,500 yards wide. It seems almost incredible, but it is a fact, to say nothing of the men behind them, the Germans advanced to the attack not merely shoulder to shoulder, but rank upon rank in close order. The slaughter here was beyond the power of words to express, and the Russian artillery, after many weeks' work on this spot had all the ranges, not only to yards, but to inches.

Up to Wednesday night, February 3, the Germans losses in dead were estimated at 30,000 men; nothing like it ever known before.

### CARELESSNESS IS CAUSE OF MUCH TROUBLE.

The Press Bulletin issued by the University of Alberta has the following to say about the carelessness of farmers which we print as a warning: "The great English statesman, Disraeli, once made a remark 'that even Providence cannot provide against the unforseen machinations of stupidity.'"

The outbreak of the foot and mouth disease brings this remark to mind. In the majority of cases the disease, which is very infectious, has been spread by the criminal stupidity and ignorance of farmers. The following instance will serve to prove the truth of our statement. The fact is related by the Farmer's Review:

The carelessness of stock owners is reponsible for the infection of their herds in many instances. One farmer is reported to have visited a neighbor's sick herd and examined the mouths of those affected. Returning home, he examined the mouths of his own cattle and naturally infected them. Several days after they became sick. Another farmer who had been cautioned to keep up his sick cattle allowed them to wonder about a pasture and communicate the disease to the cattle on an adjoining pasture.

Ignorance is always at the bottom of stupidity. We will warrant that the above mentioned farmer never spent ten minutes of his life in reading upon this disease."

### ADDING TO POPULATION.

During the month of January, the department of natural resources of the Canadian Pacific Railway colonized a total of 7,577 acres in Western Canada, namely, 43 farms of an average of 175 acres each, upon each of which approximately four people settled.

## ITEMS OF LOCAL INTEREST

A few more men are still wanted for the mounted rifles now recruiting at Medicine Hat.

* * *

FARMERS, we WANT your government orders at sale prices. Lon Harber. **

* * *

Mr. Hinton, manager of the Merchants Bank at Brooks, spent last week end in town the guest of F. R. Pike.

* * *

The soldiers of the mounted rifles now in training at the Hat, are now settled in their new quarters at the exhibition grounds.

* * *

The infantry now in training at Calgary will go to Salisbury Plain some time this month or early next. Several young men from Redcliff will be with them.

* * *

We will not guarantee the price of sugar more than one day. Broadway Store. **

* * *

Elliott & Lang have been awarded the contract for carrying the mail to and from the station. Their duties commence the 15th of this month.

* * *

A pleasant little party was held on Tuesday evening at the home of Mr. A. Harris, Phoenix, on the occasion of his son's birthday.

* * *

At the coming session of the Provincial legislature Medicine Hat will have its charter amended to provide for tenant franchise.

The Presbyterian Sunday school has decided to start a branch school on Fifth street in the west end of town, where services will be held every Sunday afternoon.

* * *

Prices in the Review are good for any day in the week. Broadway Department Store. **

* * *

Keep in mind the Burns' club annual dance in Reid's hall tonight. Already a large number of tickets have been sold and it is expected that a record crowd will be present.

* * *

Peace Sunday, to commemorate the hundred years of peace between Great Britain and the United States, will be observed in all the churches in both countries next Sunday.

* * *

A. J. Nicholson sells steamship tickets of all lines. See him before booking your passage to Europe. ***

* * *

Mr. Geo. Houston, immigration officer for this district, was in town last Tuesday on business in connection with his office.

* * *

After the sleet and rain of last Tuesday evening the streets were very slippery and while T. Crooks was taking a cow to pound the unfortunate animal slipped and strained her milk.

* * *

The Review is in receipt this week of a subscription renewal from one of the most northly points in Norway. This great family journal finds its way to all corners of the globe.

* * *

We do not have Saturday sales, but we sell merchandise all the time at sale prices. Broadway Department Store. **

* * *

A great many are now predicting a crop failure for 1915. They base their prediction on the probability that there will be no German nation.

* * *

Farmers slaughtering hogs for sale in town or shipment to Calgary should remember that the heart, liver and lights must accompany the carcass. This is necessary because of precautions against hog cholera in Calgary.

* * *

The Canadian Pacific Railway announces the addition of two splendid new ships to their present Trans-Atlantic service, and which will again emphasize the rapidly growing trade and travel between Canada and Great Britain.

* * *

See A. J. Nicholson for insurance of all kinds in the best companies. **

* * *

Don't forget the whist drive and dance on Monday night in the St. Ambrose parish hall. This will be the last before Easter, and promises to be the best yet. Admission 20c.

* * *

The Men's Club are holding a Free and Easy Social in their rooms on Saturday evening. Cards, songs, etc., and free refreshments provided. Prospective members are invited and can bring a lady friend.

* * *

International Poultry Food and Oyster Shells for chickens at J. Nicholson's. **

* * *

The farmers of Grassy Lake district who appealed to the provincial government for hay, were turned down. They then appealed to the Dominion government, and their request was granted; though in what quantities we do not know.—Carlstadt News.

Blundell's Library, be a book.

* * *

According to some of our exchanges the John Deer Plow Company intends discontinuing their machine business in Southern Alberta. Agents are shipping their stock back to Calgary.

* * *

A parliamentary inquiry into the question of the boots supplied to the first Canadian contingent will be one of the earliest actions urged upon the government during the present session.

* * *

A live stock association has been formed in Carlstadt with F. E. McDearmid as president and E. T. Hilahl as secretary. The association has secured a government stallion and intend making application for a short Horn bull.

* * *

A millionaire's two sons rub shoulders with the sons of farmers at the Olds agricultural school, learning to churn and to build barns, and mastering the myriad mysteries of the care of live stock. They are the young sons of Stearns, the millionaire shirt maker of New York.

* * *

Private R. C. Pepler, formerly of the Imperial Bank of Calgary, and Lance Corporal J. H. Murphy, whose next of kin is said to be H. Murphy, of Calgary, have been killed in the trenches at Labassee, while in the latest casualty list the name of Private W. H. Jennings, also of Calgary, appears among the wounded.

* * *

According to new regulations soldiers enlisting for the front must get married—if they want to—within 20 days after they enlist. Otherwise their brides will not be entitled to their allowance.

* * *

Mayor Bott left last Wednesday evening on business in connection with the signing of the town's debentures. Town Clerk Courtnell left on the same train for Calgary in connection with the tax enforcement business.

* * *

When sending money to Europe buy a Dominion Express Foreign cheque. A. J. Nicholson sells them. *

* * *

Last evening about fifteen young people, friends of Mrs. J. W. Wheeler, gave her quite a surprise party by calling at her home in a body to spend the evening. Dancing and games were indulged in and about midnight a further surprise was sprung on the hostess when the visitors commenced serving lunch. A very pleasant evening was spent.

* * *

Some alterations have been made in the hardware department of the Broadway departmental store, which add greatly to the appearance of that department. The shelf ware has been moved to the rear of the store and the granite ware moved up to the front shelves. The change gives the store a larger and more roomy appearance and adds greatly to the convenience of the clerks.

* * *

There are still a number of dogs in pound and those living near the dog pound are complaining of the terrible racket the canadines kick up every night. We don't blame them as there is nothing more annoying than the weired howls of a bunch of dogs at m'dnight.

* * *

Two rinks from Redcliff went down to Medicine Hat last Saturday afternoon and through the kindness of the Hat curling club were given the use of one sheet of ice for an afternoon and evening game. The two rinks were made up as follows: Mayor Bott, skip; Hinton, Stone and Lang. D. Black, skip; Singular, Pike and Bryant. Two very closely contested games were played, his worship's rink winning both by very narrow margins.

* * *

The M. U. M. Club spent a most enjoyable evening at the home of Miss Amy Woolcock last Wednesday evening. Over twenty members were present which goes to show that the M. U. M.'s enjoy their club to the fullest extent. All agree that Miss Woolcock is an excellent hostess, by the dainty lunch and entertaining provided. Miss Pratt was guest of honor. The club are to be entertained next Tuesday at the home of Rev. and Mrs. Gordon.

* * *

The snow keeps right on coming. Another few inches fell last Tuesday and Wednesday and as a result the roads through the country are now almost impassable. While this will no doubt make it hard for the cattle and horses to secure feed off the prairie it should certainly put the ground in excellent shape for spring work. Since lots of snow means helping the crops out we surely are billed for a bumper one next fall.

* * *

Writing Pads and Envelopes, Books, Fancy Goods, Fashion Books, War Books, etc. All prices greatly reduced. Blundell's, First street. **

* * *

Our town has certainly been very gay this week. Something doing every night. Let the good work continue.

* * *

Nothing definite has as yet been heard regarding the shipment of hay which the government is shipping to this point. Two cars have been billed to Redcliff and are expected to arrive any day.

* * *

Economical buyers should not miss these bargains. For a few days only unexcelled bargains in Ladies' and Children's Millinery. Fifteen children's hats from $2.00 to $2.75 for 75c. Buy your little girl a nice hat to take the place of a toque for the hot spring days, also a fine selection of ladies' shapes, $1.50 to $4.00 for 90c. This will be your last chance to get bargains in millinery from Miss Levers this season.

* * *

Mrs. R. H. Liggett held her post nuptial reception in her suite in the Howard block last Friday afternoon. Despite the inclement weather about fifty ladies called. Mrs. Liggett was assisted by Mrs. Gorman of Medicine Hat, and Mrs. Munson.

* * *

Redcliff is still contributing its share of young men for service. Last Monday morning Messrs. C. Oakland, H. Hodge, C. Chambers, P. Spence and T. Ronald left for Calgary, where they have been accepted and will go into training at once.

## CHURCH NOTICES.

### CHURCH OF ENGLAND

Sunday next being the day appointed as a day of national thanksgiving for a hundred years of peace between the British Empire and the United States of America, the services of the church will be as follows:

Holy Communion, 8 a.m.

Matins, 11 a.m.

Sunday Schools, 2.30.

Evensong, 7.30.

Throughout th day special prayer of thanksgivings will be used, with special sermons and anthems. In these days of war and bloodshed we learn to value the blessings of peace, let us not fail than to some together next Sunday and join in this national act of thanksgiving for the blessings of peace which we have so long enjoyed with our neighboring country.

Wednesday next, Ash Wednesday, Holy Communion, 8 a.m., Matins, 10. Evensong, Commination Service and Sermon, 7.30.

The holy season of Lent is once more upon us, with its call to increased prayer and fasting. This year it comes with intenser appeal than ever. Special services and opportunities for prayer are being provided for, as a help to private devotion and effort, and it is hoped that all who can will make a point of attending these services and of otherwise keeping the season fittingly.

### THE UNION BIBLE CLASS

In the Presbyterian church at 3.30 on Sunday afternoon the class will meet to study "The Death of Eli and His Sons," Isa. 4: 1-18. The class is a self-governing organization, and has appointed Messrs. Wm. Ardinger and A. E. Cable to its leadership during the present term. They are efficient.

### BAPTIST CHURCH

Services in Reid's Hall. Morning worship at 11 o'clock. Subject—An Important Condition of Worship. Sunday school at 12 o'clock. Classes for all. You are especially invited to attend the Bible Class under M. Hollinger.

Evening worship at 7.30 o'clock. Subject—"In the Image of God."

Tuesday evening, prayer meeting at 8 o'clock.

Thursday afternoon, Ladies' Aid at 2.30 o'clock.

Friday evening, choir practice at the home of Mrs. Lang.

You are welcome at all of our services.

### THE PRESBYTERIAN CHURCH

Every loyal American and British citizen should attend at least one service on Sabbath, because it is appointed as a day of thanksgiving and commemoration of the one hundred years of peace between Great Britain and the United States. The services will have special reference to this happy
